

A schematic diagram of a rectangular device, likely a semiconductor package, with various components and dimensions labeled. The device has a top edge with two circular features (108, 109) and a bottom edge with two circular features (105, 107). A central vertical line (140) divides the device into two halves. A horizontal dashed line (130) is located near the bottom. Dimensions 101, 102, 103, 104, 106, 107, 108, 109, 110, 120, 130, 140, and 141 are indicated. Arrows labeled 'I' point towards the center from the left and bottom edges.
